

XTA-938

## 2-in-1 Wireless Car-to-Play Adapter

Works with CarPlay® and Android Auto™

**Cable-Free Driving**  
Wired-to-Wireless  
In-Car Smartphone  
Interface Adapter

**Fast & Stable Connection**  
Compatible with  
Bluetooth®

**Calls**

**Music**

**Maps**

**Calendar**

### Highlights

- **Instant Wired-to-Wireless Upgrade**  
Turns your built-in wired in-car smartphone interface into a wireless experience.
- **Seamless Driving Experience**  
Enjoy music, navigation, voice control, and hands-free calls without plugging in your phone.
- **Stable, Low-Latency Performance**  
Fast response and reliable connectivity for smooth, interruption-free use on the road.
- **Wireless Connectivity**  
Connect via Wi-Fi® and Bluetooth®-compatible wireless technology.
- **True Plug & Play Setup**  
Just plug it in, pair your phone, and drive—no apps or complicated installation required.
- **Flexible USB Compatibility**  
Includes a detachable USB-A to USB-C® adapter for broader vehicle compatibility.

**Compatibility Note:** Compatible only with vehicles that come equipped with built-in wired smartphone integration support.

## Specifications

### General

|                                 |                                                                                                                                   |
