Intelligent lighting for every part of your life

Our Smart Wi-Fi single plug takes you one step closer to a fully smart home. Just plug it into any power outlet, connect it to you Wi-Fi and manage all its features through the Nexxt Solutions Home app. Want to turn on a lamp while you are at work or at a party? Want to make some coffee while still in bed? Just program your Smart plug to turn on and off your appliances at any time, no matter where you are. Its voice control feature gives you even more freedom and the peace of mind you need to live your life your way.

Highlights
