Personalize it. With colorful, durable silicone

Durable, with silicone rubber, this soft, easy-to-sanitize, ambidextrous mouse was designed for you. Pick your favorite from five color options.

Quiet clicks and quick access

Quiet clicks, vertical/horizontal scrolling options, and access to the Microsoft® Wheel setting for easy shortcuts from one click of the center button,² help you do more, quickly and quietly.

A mouse that keeps up with you

Wireless connectivity via Bluetooth or a 2.4GHz Dongle, gets you up and running, then keeps you there. Up to 6000 adjustable DPI keeps you tracking almost any surface⁵, while a 24-month battery life¹ ensures that you stay clicking day and night.

Sustainability in action

Built for a better tomorrow

The HP 400 Quiet Wireless Mouse is made with at least 40% post-consumer recycled materials³ and comes in FSC® certified packaging⁴.

HP 400 Quiet Wireless Mouse

Featuring

Durable liquid silicone rubber

Engineered with liquid silicone that is soft to the touch, easy to clean and sanitize.

Scroll with It

Adapt it to your speed to effortlessly scroll through documents and webpages with the 2D scroll wheel--scroll up and down, side to side.

Access the Microsoft® Wheel setting

With one click, utilize shortcuts across Microsoft® apps with center-button access to the Microsoft® Wheel setting.²

Long-lasting battery

Go all day and night with up to 24 months of battery life from one AA battery.¹

Footnotes

Messaging Footnotes

¹ From 1 AA battery. Battery life is an estimate and varies depending on many factors, including number of active, idle and asleep hours of use, number of applications running, environmental conditions and features used; actual battery life will vary with usage and environmental condition. The maximum capacity of battery will naturally decrease with time and usage.

² Requires Windows 10 or higher.

³ Recycled material is expressed as a percentage of the weight of total recycled materials over the total product weight. The final percentage of recycled material is based on the definition of set by SCS Global service- SCS-103 Annex A Certification.

⁴ Forest Stewardship Council® (FSC) Certified, meaning all components of our packaging come from responsibly managed forests to provide environmental benefits.

⁵ Glass surface may affect functionality.

Technical Specifications Footnotes

¹ Recycled material is expressed as a percentage of the weight of total recycled materials over the total product weight. The final percentage of recycled material is based on the definition of set by SCS Global service- SCS-103 Annex A Certification.

² Glass surface may affect functionality.

³ The SCS Certification Standard for Recycled Content Annex A is for brands that want a product-level claim to demonstrate the total percentage of recycled content used in electrical and electronic equipment products. Recycled content is the proportion, by mass, of recycled material in a product. [ISO 14021]
