Join the Dark Side of Home Security

Bring the power of the Force into your home with the Darth Vader™ Smart Wi-Fi® Camera. Inspired by the legendary Sith Lord himself, it is more than just a stylish tribute to the galaxy's most iconic villain, this PTZ indoor camera gives you crystal-clear video, advanced night vision, and a full view of your space—no Jedi tricks required. With motion and sound detection, two-way audio, and a built-in siren to scare off intruders, you'll always stay one step ahead. Whether you're protecting your rebel base or just checking in on your pets, manage it all from your phone with the Nexxt Home app, and let Vader guard your empire, day and night. Surveillance has never looked so iconic.

Highlights

- 2K QHD (3MP) resolution for sharp, detailed, crystal-clear video capture—even in low light.
- Motorized pan (350°) and tilt (30°) to cover every angle of your indoor space.
- Smart motion and sound detection to alert you instantly when something's off.
- Advanced night vision for clear monitoring—even in pitch darkness.
- Two-way audio lets you hear and speak through the camera in real time.
- Smart functions include Motion Tracking, Patrol Mode, Human Shape Filtering, and Object Outlining.
- Built-in 95dB siren to scare off intruders or deter unwanted visitors.
- Local storage support via microSD™ card (up to 256GB) for easy video backup.
- Cloud-ready for secure, remote access to your recordings anytime.
- Full remote control through the Nexxt Home app—intuitive, fast, and user-friendly.
