Highlights

Versatile fit for all.

The adjustable frame embraces PC and UPS towers of all shapes and sizes.

Rotatable

The full swivel design allows effortless access to rear ports and cables, putting control literally at your fingertips.

Built to last and protect.

Crafted from high-strength steel to hold up to 55 lb. with ease. Secure clamping and soft EVA pads ensure your tech stays safe and scratch-free.

Mount your way.

Under-desk or on-wall? You decide! This mount adapts to your space, offering optimal placement for enhanced accessibility and a clutter-free environment.

Setup in seconds.

No tech degree required! With included hardware and a crystal-clear guide, you'll have your CPU floating in no time.
