### Highlights

- **68-in-1 precision toolkit**, featuring a rechargeable portable electric screwdriver, 64 interchangeable bits, and accessories including a tweezer, metal spudger, and magnetizer/demagnetizer.
- **Perfect for repairing** PCs, smartphones, laptops, tablets, watches, eyeglasses, game consoles, controllers, drones, RC toys, and a wide range of small electronics and devices.
- **Lightweight, durable, and corrosion-resistant** aluminum alloy case with a pop-up inner tray for secure, organized storage.
- **Aluminum alloy handle** for a lightweight, ergonomic grip, minimizing hand fatigue during extended use.
- **S2 steel bits** deliver superior hardness, durability, and impact resistance—perfect for high-torque and heavy-duty applications.
- **High-strength magnetic tip** ensures bits and screws stay securely aligned for precise, efficient screwing.
- **Intuitive 3-button control panel** for easy LED light activation, battery status monitoring, and gear switching.
- **5-speed torque adjustment** for versatile precision across a variety of tasks.
- **Built-in LED work lights** illuminate the work area for enhanced accuracy.
- **USB-C® charging port** for fast, convenient recharging.
