

XTK-311S Wireless Multimedia Keyboard and Mouse Duo – Spanish Layout

Highlights

- Wireless combo featuring a Spanish-layout multimedia keyboard and 4-button mouse.
- 2.4GHz USB receiver ensures a stable, lag-free wireless connection with a range of up to 10 meters.
- Nine multimedia hotkeys for instant control of music, video, volume, email, and more directly from the keyboard.
- Optical sensor mouse with adjustable resolution up to 1600 DPI for smooth, precise tracking.
- On/off switch helps preserve battery life when the mouse is not in use.
- Built-in storage compartment in the mouse keeps the USB receiver safe and secure.
- Contemporary, sleek, and functional design enhances comfort and productivity.
