Your music and nothing else

Cancel out external noise with our fabulous EdgebudsPro; KlipXtreme's premium Active Noise Canceling wireless earbuds. Whether you're strolling through a busy airport or find yourself caught in a crowded subway station, immerse yourself in the music you love, listening to your favorite tunes noise free. Make calls uninterrupted with Environmental Noise Canceling (ENC) which eliminates surrounding noise. A simple tap is all you need to enjoy crystal clear sound by enabling the active noise canceling feature, or to go from taking calls to listening to music or having your voice assistant ready to respond to your commands and all is done with a simple touch. Charging the EdgebudsPro is very easy, just place the earbuds in the compact designed wireless charging case. If you wish to protect your hearing, reduce environmental distractions, and enjoy better audio experience, then the EdgebudsPro are made for you.

Highlights

- Premium earbuds with Active Noise Canceling (ANC) technology that blocks unwanted noise so you can focus on what you want to hear
- Two active noise canceling modes: Normal mode cancels external sounds before you hear them and Transparency mode allows to hear sounds around you without removing the earbuds
- Environmental Noise Canceling (ENC) technology cancels out surrounding noise during your calls
- True Wireless Stereo, designed to stream audio wirelessly through two separate units simultaneously from the same audio source
- 26 hours of total playback time with 6.5 hours per cycle for up to 4 cycles³
- Modern and sleek design
- 25dB noise canceling level to neutralize background noise without compromising the sound of your music
- Smart touch design to play, pause, change modes, skip tracks, and answer or hang up calls with a simple tap
- IPX3 water resistant to rain, splashes, and sweat
- Compatible with Google and Siri voice assistant, it supports the voice recognition feature for true hands-free control at the touch of a button
- Built-in USB-C charging port for wired charging
- Charging case includes four LED indicators to display battery status
- Bluetooth® v5.3 latest technology enables more efficient channel selection from both devices to improve signal performance

Technical specifications

Device	
Type	ANC and ENC TWS earbuds
Form factor	True wireless in-ears
Chipset	JL7003
Special features	
Active Noise Canceling technology (ANC)	Yes, three modes: normal, transparency, and ANC
Environmental Noise Canceling technology (ENC) microphone	Yes
Touch button	Yes, smart touch
Voice assistant	Siri and Google voice assistant compatible
Charging case battery LED indicator	Yes, 4 indicators
Volume control	Yes
Built-in microphone for calls	Yes
Speaker	
RMS power output	10mW
Frequency	20Hz-20kHz
Impedance	32 ohm
Sensitivity	99.47 +/- 1.5dB at 1000Hz at 0.179V
Noise canceling level in dB	25dB
Microphone	
Form factor	Built-in. MEMS microphone S15OT421-008
Directivity	Omnidirectional
Frequency	20Hz – 10kHz
Impedance	200Ω @ 1kHz
Sensitivity	-42dB
Connectivity	
Connection type	Bluetooth® v5.3
Profiles supported	A2DP, AVRCP, H-SP, H-FP
Wireless RF frequency	2.402-2.480GHz
Wireless range	33 to 49ft ¹
Battery	
Single earbud battery	50mAh
Charging case battery	400mAh
Charging connection type	Type C charging port
Wired charging rate (In V, A and W)	5V/0.5A
Charging case and earbuds total charging time	2 hours
Earbuds only battery charging time	1 hour
Charging case only battery charging time	1.5 hour
Number of charging case cycles before battery runs out	4 cycles
Earbuds only battery runtime (with ANC enabled)	Up to 6.5 hours (50% volume) ²
Earbuds only battery runtime (with ANC disabled)	Up to 7.7 hours (50% volume) ²
Earbuds total run time (including cycles)	Up to 30 hours (ANC off) and 26 hours (ANC on) ³
Battery standby time	About 120 hours
Dimensions	
Dimensions (LxWxH)	Charging case: 2.5x2x1.1in / Earbud: 1.4x0.9x0.7in
Weight	1.6oz
Cable length	39.3in
Package contents	Earbuds, Type C charging cable, three sets of ear tips, and user guide

¹ Range estimate is based on an area free of obstacles and interference, and within the line of sight between devices.

² Depending on the volume level and type of music file being played.

³ Battery runtime can last 6.5 hours per charging cycle (4) for an estimated total of 26 hours combined (ANC on), and 7.7 hours per charging cycle (4) for an estimated total of 30 hours combined (ANC off).
