

FNA-600C

Type-C power adapter Fast charger for USB-C devices

Forza introduces its new charger integrating state-of-the-art USB-C technology. This is the latest power delivery specification ensuring a faster and more reliable energy transmission over a low profile, fully reversible USB connector, known as Type C. By intelligently detecting the connected device, this charger will automatically supply the optimal charging current needed to keep even the most power-hungry laptops and game systems up and running in no time.

The combination of high-grade components with advanced safety features reliably protect you and your connected equipment while charging. Widely compatible with devices equipped with Type-C USB ports, this charger is the most convenient solution you will ever need to recharge virtually any smartphone, tablet including laptops with large screens, without the need of carrying a separate bulky adapter in your carry bag.

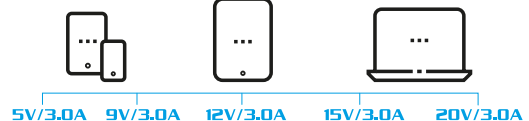

Highlights

- Type-C USB adapter, providing up to 60W of power
- Large-capacity charger, compatible with most standard USB*, USB Type C phones and tablets
- Supports low-power USB-C devices
- Ready to go with automatic voltage selection, just plug in
- Ultraportable design with a glossy black finish perfectly complements any mobile device
- Safe, featuring overvoltage, overcurrent, over-charge and short circuit protection
- Includes a Type-C to Type-C three-foot cable
- Two-year warranty

One for all

Smart, adaptable charging power

* A standard USB cable is needed, not included with the product

FNA-600C

Input	
Rated voltage	110-220VAC
Tested voltage	100-240VA
Rated frequency	50/60Hz
Tested frequency	47-63Hz
Current (rated load input)	1.4A max
Salida	
Total power	60W max
DC output power range	15W at 5V/3.0A 27W at 9V/3.0A 36W at 12V/3.0A 45WW at 15V/3.0A 60W at 20V/3.0A
Line regulation	±5%
Load regulation	±10%
Delay timer	3s max at 115VAC input and full load
Rise time	0.5-2.0s at 240VAC max load
Included cable	USB, with Type-C to Type-C connector
Protection	Overvoltage, overcurrent, over-charge, short circuit
Environment	
Operating temperature	32°-104°F
Storage temperature	-4°-149°F
Relative humidity	5-95% non-condensing
Physical appearance	
Housing	Fire retardant plastic
Color	Black
Cord length	3.8ft
Dimensions	3x3x1.2in
Weight	0.4lb
Additional information	
Warranty	2 years
