

FSP-112W

Surge Protector Wall Plug 110/220VAC

Forza's Surge Protector offers reliable protection to safeguard your electronic equipment, digital components and sensitive devices against harmful effects of electrical discharges and transient or prolonged surges in supply line voltages. Convenient and highly functional, it also features a perfect fit outlet, which prevents plugs from becoming loose or slipping off the socket accidentally.

Highlights

- Grounds AC power through single surge protected wall outlet.
- Advanced MOV (metal oxide varistor) provides enhanced protection for electronic components. against voltage spikes of up to 650 joules.
- Unique design only covers a single outlet when plugged into the wall.
- Fire-retardant plastic housing.
- Lifetime warranty.

Wall plug design

MPN	FSP-112W
Input	
Input voltage	110/220VAC
Amps	15A up to 125V 10A up to 250V
Frequency	50/60Hz (autosensing)
Watts	1875/2500W
Surge rating	650J
Maximum spike current	10,000A
AC plug type	NEMA 5-15P
Output	
Output voltage	110/220VAC
Outlets	1 NEMA 5-15R
Overload protection	Included
LED indicator	Normal output (blue) Protected output (off)
Physical appearance	
Housing	Flame retardant plastic
Color	White
Product dimensions	1.9 x 1.4 x 2.1 in
Product weight	0.1 lb.
Additional information	
Warranty	Lifetime warranty
