## HyperX QuadCast

The HyperX QuadCast™ is the ideal all-inclusive standalone microphone for the aspiring streamer or podcaster looking for a condenser mic with quality sound. QuadCast comes with its own anti-vibration shock mount to help reduce the rumbles of daily life and a built-in pop filter to muffle pesky plosive sounds. Instantly know your mic status with the LED indicator, and simply tap-to-mute to avoid awkward broadcasting accidents. With four selectable polar patterns, this mic's prepared for nearly any recording situation and also features a conveniently-located gain control dial to quickly adjust your mic input sensitivity. The included mount adapter fits 3/8" and 5/8" thread sizes and is compatible with most stands. The QuadCast S model provides RGB lighting and dynamic effects that are customizable through HyperX NGENUITY software.

The QuadCast family is certified by Discord and TeamSpeak™ so you can ensure that your microphone is broadcasting loud and clear for

able to deliver quality sound to anyone tuning in.

## Key Features

### Radiant RGB lighting customizable with HyperX NGENUITY Software<sup>1</sup>

Personalize stunning RGB lighting and dynamic effects for an eye-catching shot of customizable style.

[Learn More](#) [Download](#)

### Anti-Vibration Shock Mount

Isolate the mic and suppress the sound of unintentional rumbles and bumps with the elastic rope suspension.

### Tap-to-Mute with LED Status Indicator

Use the convenient tap-to-mute functionality to prevent an audio accident along with the help of the LED mic status indicator. If the light is on, the mic is active. If the light is off, the mic is muted.

### Four Polar Patterns

Choose between four polar patterns (stereo, omnidirectional, cardioid, bidirectional) to optimize your broadcast setup and keep the

## Gain Control Adjustment

Easily adjust your mic sensitivity by turning the dial at the bottom of the QuadCast.

## Multi-device and Chat Program Compatibility

Get great sound whether you're connecting to a PC, PS4™, or Mac®. QuadCast S is certified by Discord and TeamSpeak™, and works on major streaming platforms like Streamlabs OBS, OBS Studio, and XSplit. No matter how you broadcast, you can be confident you'll be heard loud and clear.

### Built-in Headphone Jack

Ensure that you're sounding the way you want by monitoring your sound in real time with the 3.5mm headphone jack.

### Mount Adapter Included

Versatile adapter fits 3/8-inch and 5/8-inch threaded setups, so it can be mounted onto most mic stands or boom arms.

### Internal Pop Filter

The internal pop filter will help smooth out some of those pesky plosive noises that periodically punctuate your speech.

## HyperX Quadcast: In-depth Look

### Great for WFH and Online Education

QuadCast’s stellar sound quality, crystal-clear communication, and convenient tap-to-mute functionality are perfect for WFH conference calls and class lectures.
