

LCD/LED monitor mount

with pneumatic spring mechanism

C-clamp/Grommet base
configuration

Effortless full-motion adjustment

The **KMM-400** allows you to maximize your valuable desktop space, while promoting a more ergonomic posture in your work station. This stylish, black finish mount is made of high-grade steel and designed to support flat screens of up to 27 inches in size and 14.3lb in weight. Its sturdy grommet and C-clamp base offers superb stability even when fully extended. It features an innovative pneumatic spring mechanism, which helps to counterbalance the weight of the monitor, becoming incredibly smooth to extend, retract, swivel and tilt, so as to achieve optimal visibility from every angle. Get a smarter and cleaner workspace with its cable management system that will keep cables neatly organized at all times.

Highlights

- Sturdy, professional-grade monitor mount with pneumatic spring mechanism will increase your productivity and well-being, as well as enhance the appearance of a neat working space
- Fits screens of up to 27 inches, weighing up to 14.3lb with complete stability
- VESA plate allows to mount your monitor with a simple installation process by following VESA industry standards
- The pneumatic spring counterbalances the weight of your monitor allowing to adjust the viewing angle very easily and without any tools
- Rotate from landscape-to-portrait without removing the screen and easily folds out of the way when you need a screen break
- Convenient cable management system keeps your workspace neat and cables out of sight and organized
- Grommet and C-clamp mount base with adjustable height accommodates most desks
- Hardware kit included
