Mono headset for business with USB interface

Mono USB headset

Noise isolating cushion & mic

Skype for Business & UC platform compatibility

In-line control capsule

## Fit for the high-performing business environment

Now you can experience superior audio performance with the simplicity of a single USB plug-and-play connection. This high-fidelity monaural USB computer headset features a rotating noise-cancelling microphone and convenient in-line answer/call button, volume and mute controls. Its lightweight design, adjustable headband along with the soft leatherette ear cup cushion provide long-lasting comfort, whether on a conference call or while catching up with friends.

### Highlights

- The single-ear headset solution with in-line control capsule to easily handle all your calls
- Optimized for call centers, open spaces and PC-centric professionals
- The cardioid noise-cancelling microphone reduces background noise in busy or crowded work environments
- Compatible with Skype for Business and other leading UC (Unified Communications) platforms
- Lightweight and unobtrusive design, for greater productivity and concentration
- The microphone arm can be rotated 270 degrees to find the perfect angle that works for you
- Constantly delivers clear sound on both ends of the call
- Built to last with high-quality materials
- It connects to your computer via a USB interface
