## Turn off the noise. Turn on your soundtrack

Sync your days to your favorite playlists and forget about the outside noise. The **DynaBuds** with hybrid active noise cancellation immerse you in an uninterrupted soundscape—whether you need to focus, relax, or simply enjoy your music. Switch between ANC mode to block out the noise or Transparency mode to stay aware of your surroundings without taking off your earbuds. The built-in ENC microphone ensures crystal-clear calls, even in noisy environments, while the interactive touchscreen puts total control of your listening experience at your fingertips.

Enjoy up to 14 hours of total playtime with ANC on<sup>1</sup>, access voice assistants like Siri or Google, and keep the music going worry-free thanks to the IPX4 water resistance. **DynaBuds** don't just follow your rhythm—they adapt to it.

## Highlights

- Hybrid Active Noise Cancellation (ANC) with up to 35-40dB noise reduction depth (NRR).
- Dual-mode noise control: ANC On Mode blocks out unwanted external noise and help you concentrate; Transparency Mode keeps you alert to what's happening around you while listening to music, without having to take off your earbuds.
- Smart Interactive Touchscreen to manage and customize every aspect of your listening experience: music playback, ANC modes, sound modes, voice assistants, seven preset EQ modes, "Find my earbud" functionality, timers, flashlight and a whole bunch of other settings.
- Smart Touch Button on each earbud to manage key functions with a simple tap.
- Environmental Noise Cancelling (ENC) microphone with up to 40-45dB NRR to filter out unwanted background noise, ensuring crisp voice transmission even in bustling environments.
- Up to 14 h of combined total runtime with ANC on to enjoy music playback, gaming, movies, calls, you name it!
- Compatible with Google and Siri voice assistants for hands-free music playback and call management.<sup>2</sup>
- IPX4 waterproof rating, so you can listen to music while you work out or keep moving even in the rain with complete confidence.
- 10 mm drivers with a wide range of low, mid, and high frequencies that provide depth, brilliance and clarity to perceive even the subtlest flourishes in your favorite songs.
- Charging case with USB-C<sup>®</sup> port and capacity for up to 2.5 charging cycles.
- TWS earbuds compatible with Bluetooth<sup>®</sup> v5.4 for seamless wireless streaming up to 33 ft away.<sup>3</sup>
- Silicone ear tips for a secure, comfortable fit that also helps in blocking out noise.

1. Up to 5.6 h of earbuds battery life per charging cycle (2.5), for an estimated total of 14 h of combined battery life, measured with ANC on at 50% volume. With ANC off, the estimated total is 15 h. Runtime will also depend on volume level, the type of files played and the use of the interactive touchscreen.

2. Only supports voice assistant on smartphones.

3. Wireless range calculation is based on an area free of obstacles and interference, and within the line of sight between devices.
