Set up your product

1. Turn on the keyboard:

Bluetooth discovery starts automatically and continues for 15 minutes. The status light blinks blue.

If the status light briefly turns red, charge the battery. For more information, see “Charge the battery.”

2. Establish Bluetooth connection:

On your iPad, make sure Bluetooth is on. Select Settings > Bluetooth > On.

Select “Keys-To-Go” from the Devices menu.

Tip: If “Keys-To-Go” isn't in the list, try pressing and holding the Bluetooth connect key on your keyboard for 2 seconds.

Charge the battery

You should charge the battery when:

- the status light turns red briefly when you turn on the keyboard, or
- the status light blinks red when you press the battery check key:

A fully charged battery provides about 3 months of power when the keyboard is used about two hours a day.

Charging your battery

1. Use the micro-USB charging cable provided to connect the keyboard to your computer or a USB power adaptor. The status light blinks green while the keyboard is charging.

2. Charge your keyboard until the status light turns solid green. Each minute of charging gives you about two hours' use.

Note: This ratio is approximate and is based on the standard user experience. Your result may vary.

It takes 2.5 hours to fully charge the battery.

Hot keys

	Home = iPad Home screen
	Switch applications
	Search Type keywords in the search bar for contacts, music, notes, events, mail, web, Wikipedia, and more
	Switch language Switches the keyboard language
	Virtual keyboard Shows/hides the virtual keyboard
	Screen Shot

	Play/Pause
	Next track
	Mute
	Volume down
	Volume up
	Bluetooth connect
	Battery check

Function keys

	Fn + X = Cut		Fn + Left cursor = Select left Selects text on the left, word by word
	Fn + C = Copy		Fn + Right cursor = Select right Selects text on the right, word by word
	Fn + V = Paste		

Note:

- To select a function key, press and hold the **Fn** key, and then press the key indicated above.

Use your product

Status light indications

Light	Description
Blinking green	The battery is charging.
Solid green	When charging, indicates that the battery is fully charged (100%). When you press the battery check key, solid green for 2 seconds indicates that the battery power is good (above 20%).
Blinking red	Battery power is low (less than 20%). Recharge the battery.
Solid red	When you first turn on your keyboard, the status light shows solid red briefly if battery power is low.
Blinking blue	Fast: The keyboard is in discovery mode, ready for pairing. Slow: The keyboard is trying to reconnect to your iPad.
Solid blue	Bluetooth pairing or reconnection is successful.

Connecting to a different iOS device

1. Make sure the keyboard is turned on.
2. On your iOS device, check that Bluetooth is turned on. Select Settings > Bluetooth > On.
3. Press and hold the Bluetooth connect key on the keyboard for 2 seconds. The keyboard turns discoverable for 3 minutes.
4. Select “Keys-To-Go” from the Devices menu.

When you've finished using your product

When not in use, turn off the keyboard to conserve battery power.

Note:

- The keyboard enters sleep mode if powered on and not used for 2 hours. To exit sleep mode, press any key.

Battery disposal at product end of life

1. Cut along the fabric at the top edge of the keyboard:

2. Use a screwdriver to pry the fabric away from the area around the on/off switch:

3. Separate the inner and outer fabric layers, and pull them away from the corner:

4. Pull back the yellow plate to reveal the battery and remove it:

5. Dispose of the battery according to local laws.

Troubleshooting

The keyboard does not work

- Press any key to wake the keyboard from sleep mode.
- Turn the keyboard Off and then back On.
- Recharge the internal battery. For more information, see "Charge the battery."
- Re-establish the Bluetooth connection between the keyboard and your iPad:
 - On your iPad, check that Bluetooth is turned on.
 - Press and hold the Bluetooth connect key on your keyboard for 2 seconds.
 - Choose "Keys-To-Go" from the Devices menu on your iPad. The status light briefly turns blue after the Bluetooth connection is made.

What do you think?

Thank you for purchasing our product.
