Compatible with ONVIF®

Your home in **one app**

Don't miss a thing!

Our Smart PTZ Wi-Fi® camera is the ultimate security solution for your home. This smart camera keeps a vigilant eye on your house when you can't be there, day or night. Simply plug it into any AC outlet and connect it to your existing Wi-Fi® network. It streams live video directly to your smartphone in full 2K definition and allows two-way conversations remotely through the app. Personalized alerts will be triggered every time motion is detected. Video recording and playback is possible via a local microSD™ card of up to 128GB. Compatible with Google Assistant and Amazon Alexa, you can now manage the camera with your voice for that extra peace of mind when you are home alone. With this versatile, impressive looking Wi-Fi® camera, you can now see what's happening in your home when you're away.

Highlights

- Features full 2K (3MP) resolution for impressive image quality and color accuracy.
- Smart algorithm for human body detection and filtering minimizes false alerts.
- No hub required.
- Supports additional local storage through a microSD™ card of up to 128GB*.
- Pan-and-tilt rotatable design (PTZ) with zoom activated and controlled from your smartphone via the Nexxt Home app.
- Supports two-way audio between phone and camera.
- Cloud ready. Have a quick, secure access to the events logged in your gallery whenever you want, so you don't miss any important moment again.
- Free app provided, support remote viewing on iOS or Android™.
- Infrared LED for night vision with range of up to 32ft, combined with advanced motion and sound detection technologies.

simple, better, **smart**
