Your home
in **one app**

Closer to home, wherever you are

Being away shouldn't mean being disconnected. With the Nexxt Home's new Smart Indoor Dual-Lens PTZ Wi-Fi® Camera, you can see, hear, and talk to your loved ones—no matter where you are. Its panoramic view and smart zoom capture every detail in crisp 2K resolution, while the human detection filter focuses only on what really matters.

Monitor key areas with automatic patrol mode or relive important moments using the timelapse feature. Whether you're checking in for peace of mind or staying connected throughout your day, this camera is the perfect addition to your smart home.

Highlights

- 2K QHD resolution with 3MP on both lenses for sharp, detailed images.
- Combines fixed lens and PTZ functionality for full coverage with a panoramic view.
- Smart human detection that avoids false alerts and focuses on what matters.
- Clear night vision even in completely dark environments.
- 6x digital zoom to get closer to the details without losing clarity.
- Programmable patrol mode for automatic monitoring of key areas.
- Real-time notifications for motion or unusual sounds.
- Two-way audio to speak and listen in real time through the app.
- 90dB siren that you can activate from the app whenever needed.
- Voice control with Alexa or Google Assistant for added convenience.
- Includes wall mount for quick and secure installation.
- Dual-band Wi-Fi connection (2.4GHz/5GHz) for faster and more stable performance.
- ONVIF® compatible for easy integration with other security systems.
- Save your recordings to the cloud or a microSD™ card—your choice.

simple, better, smart

NHC-IP300L

Smart Wi-Fi® camera

Indoor Dual-lens PTZ
