

XHA-430

5-Port HDMI® Switch

Highlights

- **Connect up to 5 devices to a single screen**

Easily link up to five HDMI® sources—such as gaming consoles, computers, streaming devices, or A/V players—to one monitor, TV, or projector, and switch between them without having to unplug cables.

- **Convenient remote control & IR blaster included**

Effortlessly toggle between inputs from across the room using the included remote and IR extension, perfect for home entertainment setups or professional A/V environments.

- **Supports up to 4K UHD resolution (3840 x 2160 @30Hz)**

Enjoy crystal-clear picture quality for movies, games, and presentations on Ultra HD displays.

- **HDCP pass-through support**

Ensures smooth, uninterrupted playback of protected content when streaming from your favorite streaming platforms and media sources, maintaining full compatibility with all HDCP-compliant devices.

- **Gold-plated pins & nickel-plated shell**

Stable connectivity for enhanced signal integrity and corrosion resistance for long-lasting performance.

- **Manual switching button & input LED indicator**

An onboard button and clear individual LED indicators let you quickly identify and manually switch between active inputs at a glance.
