

# XTC-626

HDMI male to HDMI male  
high-speed braided cable

HDMI Ethernet  
channel

Ultra HD

24K gold-plated  
connectors

6  
feet

1.8m  
long

## Highlights

- Supports HDMI Ethernet channel, Audio Return channel (ARC) technology and 18Gbps bandwidth
- Works with the latest generation of HDTVs, Blue ray/HD DVD players, HD gaming consoles, projectors, and other HD HDMI devices
- Features pure oxygen-free high-conductivity copper conductors that conveniently eliminate signal interference and noise
- Designed with corrosion resistant 24K gold plated contacts
- Compatible with the HDMI standard V2.0, V1.4, V1.3 for maximum quality performance
- Braided, tangle-resistant design for easier handling

## Technical specifications

<b>Type</b>	Digital video and audio cable
<b>Connector type</b>	HDMI male to HDMI male
<b>Wire gauge</b>	30AWG
<b>Resolution</b>	Up to 3840X2160p at 60Hz
<b>Data transfer speed</b>	18Gbps
<b>Outer diameter</b>	7.5mm
<b>Supported formats</b>	4K Ultra HD at 60Hz (2160p), dual video streams and broad color space. Supports HDMI Ethernet channel, Audio Return channel (ARC) technology and 18Gbps bandwidth. Compatible with HDMI standard V2.0, V1.4, V1.3
<b>Applications</b>	HD DVD players, HD gaming consoles, HD projectors, computers, LED, LCD, plasma and 3D displays, PS4/ PS3, XBOX ONE / XBOX 360
<b>Contact material</b>	24K gold plated contacts
<b>Conductor material</b>	Oxygen-free high-conductivity copper conductors
<b>Shielding</b>	Aluminum
<b>Jacket material</b>	PVC and cotton mesh
<b>Length</b>	6ft
<b>Weight</b>	7oz
<b>Warranty</b>	One year
